

THE GREAT MUSHROOM BIOBLITZ!

September 19-24, 2017

This year the Bruce Peninsula National Park BioBlitz will be focused on the fabulous Kingdom of Fungi. For the first time ever a fungal species list for the park will be developed! Join us on this foray into new knowledge and understanding of park ecosystems!

September 19-23: Mushrooms & Other Fungi Identification Workshop

Led by Mycologist Richard Aaron

- 4-day immersive hands-on workshop
- Learn to identify a wide variety of mushrooms & other fungi
- See up to 200 species
- Register early (space is limited)
- Suitable for all levels

For further details & to register contact Richard Aaron: natureteacher1@gmail.com

Stay Tuned for Other Events!

Can't make the workshop? Don't worry there are more events TBA! Interpretive walks, evening presentations, etc.

Contact Bruce Peninsula National Park at brucefathomfive@pc.gc.ca for more details.

Featuring year-long mini exhibit and demos at Parks Canada Visitor Centre! May-October
